

Réf.052222

## GYSPOT 39.04

**400 V steel dent puller with 3800A output current, ideal for all steel straightening and dent pulling jobs.**

**Simple to use thanks to its automatic gun and its user friendly control panel.**

**Spotter Box**  
Ref: 053915

### USER FRIENDLY

#### Only 2 parameters to select

- the output power level (amongst 11 levels)
- the tool which is used (amongst 7 tools)

**=> no need to select the welding current and welding time anymore.**

#### Automatic triggering

The welding is triggered automatically by a simple contact between the tool and the part to straighten.

**MADE in FRANCE**

### READY TO USE
